So...I filled out the form and clicked submit. There was no confirmation. How do I determine it has been submitted/received..?

Thanks for the clarification. Is a Public Records Request submitted to my local records office or should it be directed to an office in Bellingham?

Hi,

The number is the hotline reference number we assigned to your submission. If you include in your request it will go your submission.

Please let me know if you have any other questions.

Elizabeth,

I'm not clear what you mean in your message below. You note *The number for the hotline is H-24-273.* Obviously that's not a telephone number. What is it the number of? Ron

Ron,

I attached the contract to the hotline request. I did some double checking and in order to receive the hotline you will need to do a public records request for that specific hotline. The number for the hotline is H-24-273.

Thank you,

Elizabeth,

Please find attached copy of the contract we discussed earlier today. The contract is pages 38 to 47. The last paragraph of page 47 is of special interest as it spells out the tasks of the contract. Also, could you send me copy of what I submitted via the hotline. I filled it out online and it didn't make copy for me to keep. Ron

As I mentioned, I will attach the contract to the citizen concern submission. Please let me know if you have any other questions. The San Juan County Audit is scheduled for later this summer. Thank you again and best regards,
