Dear Reporting Journalist,

The Office of the Washington State Auditor has received and completed our response to your public records request sent in via email, as follows:

Per the records laws of the State of Washington, please send the following audits in the history of the State Board of Architects: Financial Audits, Performance Audits and Legal Audits. I used your search engine and was not able to come up with any audits of "architects."

In response, we do not audit the State Board for Architects as a separate legal entity. We audit Department of Licensing and during their audit we may review records related to the State Board for Architects. We do not have any records related to the State Board for Architects financial activity. Please let us know if you have any questions, concerns or issues regarding this request. Since we have no responsive records to fulfill your request, we will now consider this request closed.

Sincerely,

Mary Leider, CPRO
